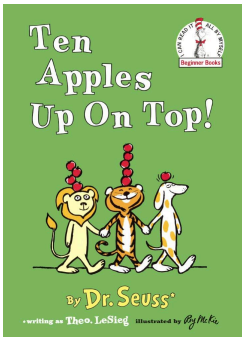
Big Idea - Apples



Focus Wall

Letter F f E e

Shape ◯

Color Red & Green

Number 2

Book of the Week Ten Apples Up On Top!

Ask your student:

- Count from 0 to 10, then from 10 to 0
- Why did they keep putting apples on their heads?
- What kind of apple do you like?

Show & Tell
Something about Fire Safety!
Fire truck, something red, or tell a fire safety rule - anything!

Reminders

- If soiled clothes come home, please send in replacements for our stash.
- Jackets or sweatshirts - we go outside almost every day!

Our basket encourages forefinger and thumb grip with a middle finger assist. Hand position and finger strength will produce a darker mark when writing.

Students have started on their Handwriting Without Tears WORKBOOK. Some students are using a "basket" on their pencil to assist their grip. Some students still have an emerging grip so I am working on fine motor skills instead. I hope to increase their strength and confidence in writing and drawing and then return to our regularly scheduled workbook page for the week when they are ready.

Upcoming Events

*All students and families are welcome!

October

10/5 - Enrichment programs begin
